Ask how easy it is to customize!

Ultimation's Powered Flex provides optimal conveying power that can be easily relocated for variable applications, utilizing 24VDC power. The flexible, expandable conveyor will stretch or bend to fit your available space and is ideal for truck loading and unloading areas, distribution centers, or portable assembly lines.

The expandable design simplifies installation and maintenance. Accessories further enhance your operational capabilities—from power assist cart to guide rails and more. Ultimation's Powered Flex is a modern solution for your distribution and fulfillment needs.

LOW MAINTENANCE, HIGH ADAPTABILITY
